In addition, the following topics were also covered: Aircraft Safety (A-101), ALSE, Aircraft Capabilities (Unit 1 of S-270), Take Off and Landing Areas and the Review of Safety Alerts and Local Operations.

Note that students will need to attain A-110 (Aviation Transportation of Hazardous Materials) every 3 years in order to manage federal helicopters. The course can be found online at (<https://iat.nifc.gov/Training/modules/a110/pre-110.html>).

Federal students and instructors have been awarded credit for this training in IQCS session RT-219 #23. In addition, this completion memo will serve as supporting documentation; no certificates of completion will be issued. Questions regarding this training should be directed to the course coordinator, Bob Wing at (208) 762-6901.
